

Height adjustable industrial workstations

Focus on ESD workbench

Ergonomic adjustability without ESD hazards

Anyone concerned with ergonomics, LEAN, process flow and automation must consider the benefits offered by electric height adjustment of workstations. However, when electrostatic-sensitive devices are involved ESD protection is the primary concern.

Very often correct working heights and proper positioning of tools and parts will

improve long-term productivity considerably in any work situation. LINAK DESKLINE® can provide electric actuator systems designed for full ESD protection.

Now you can offer all the ergonomic benefits of quick and easy height adjustment with no ESD hazards. LINAK DESKLINE® actuator systems are quiet and smooth running. Very powerful and yet energy consumption is very low. Built to provide many years of maintenance-free service.

LINAK DESKLINE® benefits to improve productivity:

- Quick and easy adjustment in case of multiple shifts
- Optimal conditions for long work periods at the ESD workbench

Safety, reliability and high capacity

LINAK DESKLINE® provides complete modular solutions

LINAK DESKLINE® can provide you with a modular system complete with lifting columns, programmable control box and control for easy integration into your ESD workbench. We focus on ESD protection, safety, high lifting capacity and robust reliable quality, and every system undergoes a 100% function test before it leaves the factory.

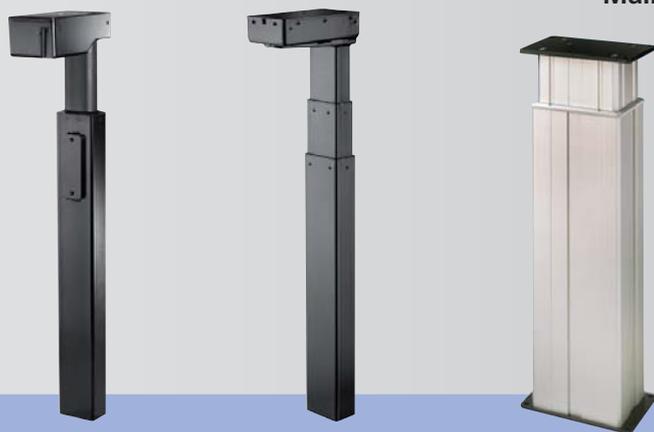

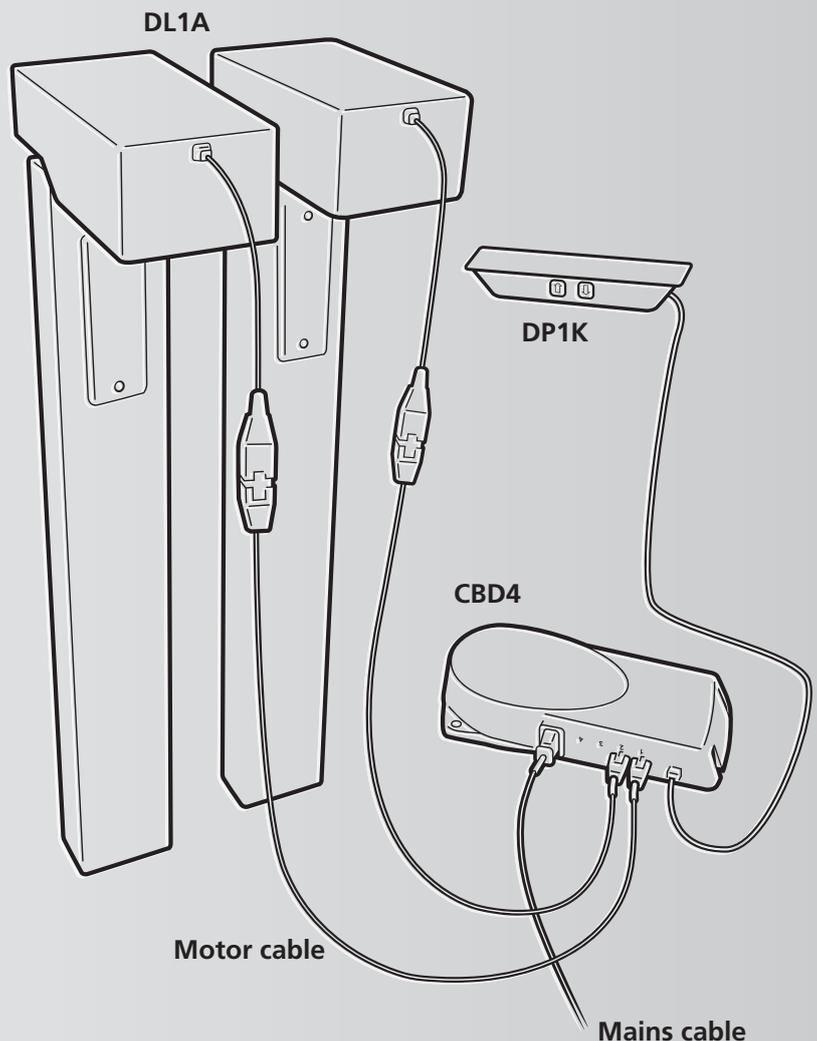

CBD4 programmable control box is capable of controlling up to 4 columns in parallel operation. Settings such as preferred stroke length and speed are easily programmed using a simple software tool.

DL1A ultra stable column using ball guidance. High load capacity. Designed for easy integration into any ESD tables.

DL6 general purpose lifting column. High stroke length. Compact design for easy integration into any ESD workbench.

DL2 robust lifting column with very high load capacity and high bending moment. Inline design for easy installation. Very reliable and maintenance free even in rough environment and work situations.
